February 12, 2021

House Appropriations Committee

# Overview of Committee Actions and Revenue Adjustments

---

# Committee's General Guidance

---

- Committee's objectives were developed based on input from individual and collective meetings of the Subcommittee Chairs
- Chairman identified six overarching priorities:
  - Target funding to address unique needs arising from the COVID-19 pandemic
  - Enhance our reserves so we can respond to next biennial budget without the federal support we currently are depending on,
  - Fund our public education system so students can return to learn with adequate supports
  - Provide meaningful employee compensation increases for all groups of employees,
  - Continue to make strategic investments in higher education, health and human resources and equity in employment, and
  - Make progress in meeting our 2025 water quality improvement requirements and other environmental concerns

# Overall Funding Priorities

---
