

Due to the COVID-19 pandemic and the Capitol & Pocahontas Building being closed, House Appropriations Committee Staff are teleworking.

We are following guidelines implemented by House Leadership and taking many precautions to reduce staff interaction with others to ensure that staff is able to provide safe office operations during the legislative session and beyond.

While there may be someone working in the office, the office will remain closed to everyone. There will be no "in person" meetings. House Appropriations Committee Staff will be able to provide assistance remotely only (via phone, email or Zoom/Teams meetings).

To reach a member of the House Appropriations Committee Staff, a contact list is provided below:
