# **REPORT OF THE PUBLIC EDUCATION SUBCOMMITTEE**

---

## HB 29: Updates Reflect Total Savings of \$11.8 million GF

- The subcommittee's recommendations include the technical adjustments in the caboose budget that reflect revenue increases to Lottery Proceeds that are offset by the adjustments from decreases in sales tax revenues, lower student enrollments and program participation levels: saves a net total of \$11.8 million
  - Lottery Proceeds revenue reflects an estimated increase of \$7.3 million, and saved an equal amount of general funds
  - Update to Sales Tax Revenue: net decrease of \$2.3 million
  - Other technical data updates: saves a total of \$1.3 million
    - Foster Care projections: adds \$290,808
    - Remedial Summer School: adds \$259,007
    - Special Education – Regional Tuition projection: saves \$1.8 million
  - Savings from 1.5% Salary Supplement: (\$0.5) million
  - Lower teacher eligibility for National Board certification bonuses: (\$0.5) million
  - The Subcommittee recommends spending \$123,000 to address a disparity in the school-aged population estimate for Norton City school division

## HB 30: Direct Aid

### Total Biennial Budget Equals \$15.2 Billion

- The Subcommittee's recommended 2016-18 biennial budget for Direct Aid to Public Education totals \$12.0 billion GF and \$3.2 billion NGF (Lottery, literary and federal)
  - FY 2017: \$5,829.5 million GF and \$1,615.9 million NGF
  - FY 2018: \$6,148.4 million GF and \$1,585.6 million NGF
- The biennial budget has a net increase of \$897.7 million higher than the FY 2016 base budget – which includes rebenchmarking, policy changes, new and expanded initiatives
  - \$269.4 million GF and \$20.3 million NGF in FY 2017
  - \$588.1 million GF and \$20.0 million NGF in FY 2018

## Revised Rebenchmarking Total – Decrease of \$29.1 Million

- The Subcommittee's recommended budget reflects the rebenchmarking from December that total cost of \$429.8 million GF for the FY 2016-18 biennium
- Since then, DOE has provided a number of additional technical updates that decreased the introduced budget by \$19.5 million GF
  - Revisions to the Free Lunch data used: saves (\$14.6) million
    - Update for K-3 Class Size Reduction: adds \$1.0 million
    - Update Emporia free lunch percentage data: saves (\$227,943)
    - Remove Bedford City from At-Risk Add-on free lunch percentage data: saves (\$15.3) million
  - Special Education Regional Tuition estimated payment cost: saves (\$5.4) million
  - Manassas City Vocational Education PPA: adds \$386,854
  - Norfolk's total building count for the Additional Instructional Positions: adds \$94,897
  - Rappahannock's supplemental Basic Aid: adds \$27,918
  - Foster Care projections: saves (\$38,905)
  - Remedial Summer School projections for Norton, Colonial Beach, Galax, and Winchester: saves a net (\$4,084)
- Further, the technical update for revised Sales Tax revenue estimate has also decreased the introduced budget by a net of \$9.6 million

# Reinstate Lottery Per Pupil Funding: \$272.7 million

The Subcommittee's budget package re-establishes the policy of distributing part of the Lottery Proceeds on a per pupil amount basis

- Provides a total of \$272.7 million of Lottery Proceeds revenues to schools on a per pupil amount (PPA) basis:
- Generates the \$272.7 million by:
  - Repurposing \$202.9 million of proposed funding for new or expanded initiatives:
    - \$139.1 million - Additional school-based FTEs
    - \$49.7 million - At-Risk Add-on range increase
    - \$5.6 million - Formula change to Governor Schools
    - \$4.7 million - Supplemental education initiatives
    - \$3.8 million - FY 2016 to FY 2017 Hold Harmless funding
  - Adding \$50.3 million in new funding above the introduced budget
    - \$20.3 million - FY 2016 carryover of additional lottery revenues – reforecast
    - \$20.0 million - Literary Fund revenues
    - \$10.0 million of additional General Fund revenue support
  - Adding additional GF to backfill \$19.5 million decrease from technical updates related to the recent revised data submissions & corrections, that otherwise would have been a reduction to schools
- Gives schools more local flexibility for spending – not limited to hiring certain positions
  - Consistent with the practice of the previous policy, permits up to 50% of the new lottery PPA allocation to be used on any recurring expenses and at least 50% on non-recurring expenses (capital, equipment, and maintenance)
  - Requires maintenance of effort so revenue cannot to be used to supplant local funding
- Reduces the local tax burden and decreases the local government's financial pressure and stress by not requiring a local match in order to receive the PPA state funding

# Salary and Benefit Increases: \$140.0 million

- Recommendations include \$83.2 million GF for the state's share of a 2.0% salary incentive for all funded SOQ instructional and support positions, with an effective date of July 10, 2017
  - Participation is optional and requires a local match – must provide at least a 2.0% increase by January 1, 2018, and would be eligible for the state funding
  - New language allows schools to apply salary increases given during the 2016-2017 school year to count toward satisfying the local match requirement
  - A collective 2.0% pay increase has to be provided between July 1, 2016 and January 1, 2018 – this action will help lessen financial stress to localities in the second year and still receive the state funding
  - School divisions cannot use the phase-in of the VRS swap as part of its local match
  - Includes revenue contingency language
- Recommends \$55.1 million GF in the second year, for the state's share of funding, to advance the VRS scheduled rates to 100% of the VRS Board actuarial recommended rates for teacher retirement & retiree health care credit
- In addition, adds \$1.7 million GF in the first year to advance the VRS Group Life up to 100% of the Board rate of 0.52%

# Recommended Policy Changes

- Recommends \$40.6 million GF in the second year for the Cost of Competing Adjustment (COCA) for support positions
- Swaps \$10.0 million GF in the second year to backfill Literary funds used to pay a portion of the teacher retirement costs
  - \$165 million in first year and \$155 million in the second year is earmarked from the Literary Funds for VRS payments
- Adds \$4.6 million GF over the biennium for the Virginia Early Childhood Foundation
  - \$3.0 million for a new pilot program to provide grants to incentivize additional public-private partnerships in preschool services
  - \$1.6 million would be used to develop and operate a scholarship grant program at community colleges to increase skills of the early education workforce
- Adds \$2.5 million GF each year for additional support toward increasing Career and Technical credentialing and equipment
  - \$2.0 million for equipment & \$500,000 for tests & materials costs of earning industry certifications
- Recommends \$1.6 million GF for Virtual Virginia to expand the full-time Virtual Virginia pilot initiative from 90 to 200 students and to fund a Virtual Virginia Math Outreach Algebra I Pilot

# Recommended Policy Changes

- Recommends \$1.0 million GF for computer science training for teachers
- Includes \$1.0 million GF for the Breakfast-After-the-Bell
  - Adds clarifying language to ensure that the funding will be focused specifically on elementary schools with at least 45% of students eligible for free or reduced lunch and the traditional breakfast program
- Adds \$1.0 million GF each year for supplemental education programs:
  - Communities In Schools: \$450,000 each year
  - High School Innovation grants: \$250,000 each year
  - Summer and CTE Governor's Schools: \$200,000 each year
  - Virginia Student Training and Refurbishment program: \$50,000 each year
  - Planning funds for new CTE Governor School: \$100,000 the first year
- Provides \$340,000 GF each year for 5 additional teachers for the Special Education State-Operated Program
- Adds \$100,000 GF each year for the Newport News Aviation Academy, a STEM program that focusing primarily on piloting, aircraft maintenance and electronics
- Recommends saving \$1.0 million GF each year from reducing or eliminating:
  - Reduces: GRASP: (\$187,500), and Southside Va. Technology: (\$50,000)
  - Eliminates: Youth Development Academies (\$543,200), STEAM (\$100,000), Governor's School Planning (\$100,000), and Virginia Career Education Foundation (\$31,003)

# Recommended Language Changes

The Subcommittee's recommended language amendments include:

- Allows for up to 15% of VPI slots to be filled based on locally defined eligibility criteria for at-risk four-old-years
- Allows the Board of Education to withhold a portion of the At-Risk Add-on funding from a school division that has been determined by the Board to have failed to meet its obligations for progress in implementing corrective action plans
- Provides flexibility to allow school divisions that receive funding for Reading and Math Specialists to use the money for tuition costs for school staff to earn credentials necessary to meet licensure requirements to be endorsed as a reading or instructional specialist
- Clarifies the support position funding ratio methodology
  - Based on the number of actual instructional and support per 1,000 and applied to the number of funded instructional and support positions

# Recommended Language Changes

The Subcommittee's recommended language amendments include:

- New language establishes a process for DOE, in coordination with the College Saving Plan agency, to transfer 90% of the total of the state's share of the per pupil amount of SOQ, sales tax and any applicable special education funding into a Parental Choice Education Saving Account, for a public education student who elects to participate in the program
- Directs DOE to review the equity issue regarding the length of program day and the distribution methodology used to determine the governor's school tuition payments and report to Chairmen of House Appropriations and Senate Finance Committees before the 2017 Session
- Directs DOE, in collaboration with the Virginia Community College System, to ensure that the policy regarding dual enrollment tuition-free waiver option shall be applied in the same manner for public school and home-schooled students

## DOE - Central Office

- The Subcommittee recommends providing \$5.0 million for a one-time development cost for expanding the Computer Adaptive Testing (CAT) to grades 3-5 for math and grades 3-8 for reading
- Adds \$1.0 million each year and eight positions to support school divisions
- Adds \$400,000 each year for eMediaVA to handle the digital content development and on-line portal access for Virtual Virginia contract with WHRO
- Adds a total of \$414,000 to provide dyslexia training to teachers seeking an initial licensure or a renewal (HB 842)
- Adds \$275,000 the first year to provide start-up funding for the first year implementation costs of the new Virginia Virtual School (HB 8)
  - Language directs DOE to transfer the statewide average of SOQ, sales tax, and any appropriate special education funding from a resident school division to Virginia Virtual School for each enrolled student
- Adds \$200,000 each year to replace federal funds that had paid for the PreK PALS Literary Screening contract with UVA
- Adds \$127,429 and one position dedicated to a statewide review of the use of technology in the classroom, all digital content, and on-line based curriculum to determine best practices and benefits
- Adds \$250,000 over the biennium to complete the School Report Card redesign (Chapter 367 from 2015 legislation) and to add a second phase that would add additional data points in FY 2018

# **REPORT OF THE COMPENSATION AND RETIREMENT SUBCOMMITTEE**

---

# Expedited Repayment to VRS

- Subcommittee recommendations include a lump sum payment of \$188.9 GF million in FY 2016 to fully repay the VRS for the 2010-12 biennium deferred contributions for the 4 state employee plans
  - In addition, includes \$598,327 NGF transfer from the Department of Game and Inland Fisheries to the VRS to repay their portion of the remaining debt
- In HB 30, subcommittee recommends funding the VRS retirement rates for the state employee plan at 100% of the VRS Board certified rates beginning in FY 2017
  - As rate no longer includes an adjustment for the repayment of the deferred contributions, the retirement contribution rate for the state employee plan will decrease compared to FY 2016 even though the recommendation moves from 90% to 100% of the VRS Board certified rates
  - Recommended rates result in a net savings, compared to the FY 2016 rates, of \$10.1 million GF in FY 2017 and \$10.5 million GF in FY 2018
    - Savings of \$21 million GF in FY 2017 and \$22 million in FY 2018 compared to introduced budget
  - Recommendations include a transfer to the general fund of \$1.6 million over the biennium from the DMV to reflect the savings the DMV will realize as a result of the lower VRS rates

# 3% Salary Adjustment in the First Year

- Subcommittee recommends \$71.5 million GF in FY 2017 and \$126.5 million GF in FY 2018 to provide a 3% salary adjustment for state and state-supported local employees in FY 2017
  - Funding is contingent on the actual FY 2016 general fund revenues not resulting in a shortfall of greater than one percent compared to the official revenue forecast included in the Appropriation Act
  - Includes \$57.4 million GF in FY 2017 and \$98.4 million GF in FY 2018 for a 3% raise for state employees, including university faculty, effective November 10, 2016
  - Includes \$14.0 million GF in FY 2017 and \$28.0 million GF in FY 2018 for a 3% raise for state-supported local employees effective December 1, 2016
  - Language in Central Appropriations ties the \$83.3 million GF included under the Department of Education for the state share of a 2% teacher salary adjustment to the FY 2016 general fund revenue requirement
- In addition the subcommittee recommends a reserve account of \$28.2 million GF the second year to provide an additional 1% salary adjustment for state and state-supported local employees in FY 2018
  - Funding is contingent on the actual FY 2017 general fund revenues not resulting in a shortfall of greater than one percent compared to the official revenue forecast included in the Appropriation Act

# Compensation Package

- In total, recommendations from subcommittee provides \$226.1 million from the general fund for across-the-board salary actions over the 2 years
  - Introduced budget included \$76.2 million in revenue reserve for second year raise
  - FY 2016 VRS lump sum payment allows subcommittee to redirect \$21 million GF in FY 2017 and \$22 million in FY 2018 from VRS contributions to pay raise
- Subcommittee recommends redirecting \$26.1 million GF in targeted compensation actions to support the overall compensation package
  - Redirect \$6.9 million GF from proposal to add individuals employed at by the constitutional officers to Career Development Programs
  - Redirect \$12.3 million GF from proposal for salary compression adjustment for employees in sheriffs' offices and regional jails

---

# HB 30: Transportation

- The proposed budget for transportation includes net increases of \$662.8 million NGF (10.2%) the first year and \$335.4 million NGF (5.0%) the second year
  - Total funding for transportation is \$13.4 billion over the biennium
  - Increases derive from stronger than anticipated state transportation revenues as well as funding made available through the passage of the new federal Fixing America's Surface Transportation (FAST) Act
- Several language changes are contained in the Office of the Secretary providing policy guidance on transportation projects
  - Aligning the appropriation of bond program proceeds and additional revenues resulting from the reforecast with 2015 funding reforms and programs established pursuant to HB 1887
  - Reversion of the I-95 tolling pilot program slot to FHWA
  - Initiating discussion on usage of air rights with Arlington/Fairfax Counties

# Major Transportation Initiatives

## Funding to Add a 3<sup>rd</sup> Lane of I-66 Inside the Beltway to Ballston

- Directs that amounts needed, not to exceed \$140 million, shall be included in the FY 2017-2022 Six-Year Improvement Program for the addition of a third eastbound travel line Interstate 66 from the Dulles Connector Road to the North Fairfax Drive/N. Glebe Road exit
- Directs the Department to begin required environmental work no later than July 15, 2016, and requires the completion of a minimum of 30 percent of the design work for such capacity expansion by November 1, 2017
- Revenues will be provided from additional amounts, largely federal, identified after the budget was introduced and does not impact the projects proposed for funding pursuant to HB 2 or lower the grants under either the High Priority Projects or District Grants programs

## Statewide Tolling Policy

- Includes a second enactment to the budget language implementing a statewide tolling policy that restricts existing authority of the CTB, VDOT, NVTA, and HRTAC to impose tolls
  - No tolls on any non-limited access highways without approval from the General Assembly
  - No tolls on any existing lanes open to all traffic 24/7 without General Assembly approval
- Ensures Virginia EZ pass holders are not charged with toll violations due to equipment malfunctions or accidental low balance issues
  - Requires VDOT to notify Virginia EZ pass holders by text or email several times over a 10 day period
- Caps civil penalties and administrative fees that can be recovered for first time offenders at court at \$2,200 regardless of the number of violations
- Extends the period of time before administrative fees can increase from \$25 to \$100 from 30 days to 60 days

# Major Transportation Initiatives

## Dulles Airport Funding

- Included within the Secretary's Office is authority to dedicate \$25.0 million NGF each year to the Metropolitan Washington Airports Authority to reduce the enplanement cost charged to commercial carriers at Dulles International Airport.
- Funds would be used to help reduce the outstanding debt incurred for previous capital improvements at Dulles and to bridge the gap until additional long-term efficiency measures can be implemented
- Funding is contingent upon:
  - The Secretary certifying that it is in the public interest,
  - MWAA entering into a long-term agreement with a hub airline by the second year,
  - MWAA identifying efficiency savings equaling or exceeding the amount of the appropriation,
  - The development of a long-term viability plan to further reduce enplanement costs, including the pursuit of opportunities to develop land adjacent to the airport to support their long-term needs
  - MWAA providing access to financial information, and reporting on actual and forecasted changes in enplanement costs to the General Assembly on an annual basis

## VPA

- At the Port of Virginia, \$350.0 million in VPBA bond authorization is included for capital improvements to automate the operations at Norfolk International Terminals and increase throughput
