History of the Unit

- In 1982, the General Assembly created the MFCU to investigate fraud and abuse against the Virginia Medicaid program.
- Investigate Medicaid providers only
- In 1999, a Patient Abuse and Neglect Squad was created to investigate allegations of patient abuse and neglect in healthcare facilities

- The MFCU has independent subpoena authority.
- We do not have powers of arrest therefore we work cases with local, state and federal law enforcement agencies.
- Charges include healthcare fraud, RICO, false claims, mail fraud and money laundering.
- 75% federally funded
- Grant from HHS
- Reports to the Virginia Attorney General

- **The squad also investigates Corporate neglect in healthcare facilities.**

Unit Performance

- **From 1982 – 2000 the Virginia MFCU convicted approximately 104 individuals and recovered over \$11.2 Million from criminal and civil cases**
- **In the last five years the Virginia MFCU has convicted 64 individuals and recovered over \$688 million from civil and criminal cases**

#1 Unit in the United States

This year the Virginia Attorney General's Medicaid Fraud Control Unit was named the Medicaid Fraud Control Unit of the Year by the United States Department of Health and Human Services- Office of the Inspector General. The MFCU received this award for making the highest recovery of any state in the history of the program.

History of OxyContin

- Approved by the FDA in 1995 for treatment of moderate-to-severe pain.
- Local law enforcement noted an increase in the misuse and diversion of OxyContin.
- Dubbed “hillbilly heroin” by law enforcement.
- In 1990s, law enforcement noted surge in violent crimes.

MFCU Initial Investigation

- In 1998, eight law enforcement agencies including MFCU participated in Operation Octagon.
- Eight doctors convicted of health care fraud.
- In 2000, then Attorney General Mark Earley formed the OxyContin Task Force.

One common denominator always
seemed to be present:

The Purdue Companies
