

**House Briefing on
Adopted Amendments to the
2010-2012 Budget (HB 29)
and
to the 2013-14 Budget (HB 30)**

House Appropriations Committee
February 22, 2012

Committee Objectives

- Adopt a structurally balanced budget
- Use one-time savings to fund non-recurring costs such as research, capital projects, and minimize the amount of new debt
 - Committee amendments reduce debt by \$96.0 million
- Provide for 2 reserve funds
 - FACT Fund: help mitigate the impact of federal budget cuts
 - Revenue Reserve Fund: If not needed to offset any revenue shortfall, it is appropriated for a 2% pay raise in FY 2014
- Provide additional funding for both our public schools and our local governments
 - Minimize impact on real estate taxes due to declining home values
- Provide additional support to attract new industry and promote tourism, and reduce the burden on Virginia's businesses with fewer and lower fees
- Minimize the impact on the health care safety net
- Provide full funding of the VRS contribution rates for teachers and state employees for 2012-14
 - Exempted local school division from the repayment requirement for the deferral of the unfunded liability in 2010-12 budget
 - The state will make a \$60 million lump sum payment to VRS on behalf of schools
- Make the largest investment in over a decade to our colleges and universities
- Provide additional funding to transportation for maintenance

Resources

- Around \$480 million in resources have been redirected in order to meet the Committee objectives
 - Technical calculations – TTF, Medicaid, CSA, debt service, FAMIS match rate
 - Eliminated/adjusted new spending proposed in the introduced budget
 - Revert unexpended agency balances from FY 2011 and FY 2012
 - “Woodrum” Fund supplanted a portion of DOC spending in FY 13
 - Certain tax credits assumed in the budget failed
- In addition, the Commonwealth is expected to receive a settlement payment of \$69.3 million associated with the mortgage settlement agreement between banks and the federal and state governments
 - Primarily used for one-time spending

Report of the Health and Human Resources Subcommittee

- Restores \$269,063 GF each year for extended employment and employment support services for individuals with disabilities
- Restores \$500,000 each year for Community Action Agencies with general fund dollars in lieu of TANF funds
- Provides \$1.5 million for proton beam therapy for cancer research and treatment in FY 2013
- Provides \$500,000 GF each year for mobile crisis services for children with serious emotional disorders

HB 30: HHR Savings

- Medicaid savings derived from technical adjustments
 - \$44.3 million GF and \$44.3 million NGF in FY 2014 by adjusting the Medicaid forecast to reflect an the increase in new enrollees due to federal health care reform in January 1, 2014 instead of July 1, 2013
 - \$7.5 million GF in FY 2014 by applying the current FAMIS federal match rate for children receiving Medicaid services who are in families with incomes between 100% and 133% of the federal poverty level
 - ✓ The introduced budget assumed a lower Medicaid match rate based on federal health care reform legislation (50% FMAP)
 - ✓ Recently proposed federal regulations allow states to continue to receive the FAMIS match rate of (65% for Virginia)
 - \$4.1 million GF each year in additional federal bonus payments for efforts to enroll more children in Medicaid
 - \$3.6 million GF in FY 2013 and \$976,928 GF in FY 2014 to correct the calculation of hospital inflation savings in the Medicaid forecast
- \$17.7 million GF over the biennium from lower caseload and expenditures in the Comprehensive Services Act

HB 30: HHR Savings

- \$890,000 GF each year by continuing an existing transfer of a portion of the Vital Records fee transfer to the general fund

Treasury Board Budget Savings

- Treasury Board debt service savings of \$1.2 million in FY 13 and \$12.2 million in FY 14 due to revised issuance schedules due to debt reduction and lower than projected interest rates
- \$1.3 million savings on the out-of-state student capital fee as a result of higher enrollment numbers
 - Introduced budget did not update student credit hour data to FY 2011
- \$4.5 million savings over the biennium by raising the out-of-state student capital fee by \$1.50 per credit hour or about \$45 per year per out-of-state student
- Total savings from Treasury Board of about \$19.2 million

Other Capital Actions

- Direct unused open space funding authority for Civil War battlefield preservation
- \$15.0 million in nongeneral fund projects
 - Includes \$11 million NGF in DGIF for dam safety
- \$51.7 million in 9(c) revenue bond projects consistent with HB 54 that has passed the House
 - Project revenues cover the debt service costs
- \$329.2 million in 9(d) NGF revenue bonds primarily for higher education dorms, dining halls, and other auxiliary projects
 - Not tax-supported debt
 - Project generates revenues to cover the debt service and operating costs
 - Includes \$100 million in bond authority to be distributed for the NGF portion of previously approved projects

Report of the Elementary and Secondary Education Subcommittee

Technical Update to HB29

- The Subcommittee's recommended budget for FY 2012 equals \$4.9 billion GF and \$1.4 billion NGF (Lottery, literary and federal)
- Includes a technical update to recognize the \$7.0 million increase in the reforecast of Lottery revenues
- An equal amount of general fund dollars for the Supplemental Support for School Operating Costs account was transferred into the Lottery and generated a \$7.0 million GF savings
 - Funding distributions to school divisions will not be impacted and will only reflect a change in the revenue fund source

Direct Aid to Public Education

- The Subcommittee's recommended 2012-14 biennial budget for Direct Aid totals \$10.4 billion GF and \$2.8 billion NGF (Lottery, Literary and federal)
- Recommendations reflect a total of \$158.3 million GF in additional new spending and \$25.4 million GF in savings, for a net increase of \$132.9 million more than the introduced budget and include the following major actions:
 - Inflation update
 - K-3 Class Size Reduction update
 - Expand Early Reading Intervention

K-12 Budget Increases

- The Subcommittee recommends allocating a total \$106.1 million over the biennium to fund the state's share of the latest inflation rates that were reported by Global Insight in January 2012
- Provides full funding to update the K-3 Class Size Reduction program to reflect the change in the percentage of free lunch eligible students and adjust the account for retirement rate change: \$44.8 million over the biennium
- Recommends expanding the Early Reading Intervention program for eligible third graders by increasing the portion funded from 25% to 62% in the first year, and then fully funds 100% of the initiative in the second year
 - Adds \$2.1 million in the first year
 - Adds \$4.1 million the second year
- Recommends almost \$1.0 million to expand the Youth Development Academies, and \$200,000 to help offset the purchase of Epipens for schools

VRS Rate Adjustment

- The Subcommittee recommends full funding of the teacher retirement rate at 10.23%, which is based on an 8.0% ROR, 2.5% COLA and 30-year amortization period
- Provides \$30.0 million each year for DOE to make a lump-sum payment directly to VRS, which represents the state share of the repayment of deferred contribution from 2010-12
 - School divisions will not be required to pay a local match to the state's lump sum payment
 - This recommended lower rate will save about \$80 million for the local school divisions

Other Recommended Actions

- The Subcommittee recommends capturing savings from eliminating several initiatives that were included in the introduced budget:
 - Communities in Schools
 - PSAT Testing fees for 10th graders
 - Pilot for Recruitment of College Student
 - Jobs for Virginia Graduates
- Provides \$3.0 million in the Central Office budget for Information Technology Academies to provide support students and teachers pursuing information technology industry certifications
- Also, recommends providing \$200,000 the first year to pay for the development of a feasibility plan that would focus on establishing a Science, Technology, Engineering, and Applied Mathematic (STEAM) residential school in Virginia

Recommended Language

- Recommends reinstating a portion of language related to the consolidation of school divisions and local governments which was inadvertently left out of HB30 that clarifies the reversion to township as a consolidation for a local government
- Adds new language for two funding methodologies of full-time virtual schools
 - A school division can provide a full-time virtual school program for its students by the beginning of FY 2014
 - ✓ These students will be counted in ADM as a regular student
 - If a virtual program is not offered then the resident division must allow students to enroll in another division's virtual program
 - ✓ The resident school division will pay a portion of their calculated required local effort SOQ cost for the virtual student to the enrolling division and the enrolling division will receive the resident school division's share of state SOQ funding and the sales tax PPA for each student

Report of the Compensation and Retirement Subcommittee

VRS Contribution Rates

- Subcommittee recommends increased VRS contributions of \$408.7 million GF over the biennium
 - Based on June 2011 actuarial valuation
 - Assumes a 30-year amortization period, 8% rate of return, and 2.5% cost of living adjustment
 - Recommendations would require rates for political subdivisions to be based on same assumptions as state employee and teacher plans
 - ✓ Estimated to reduce local costs by \$70.0 million compared to FY 2012 contribution rates

(GF \$ in Millions)

Program	FY 2013	FY 2014	Total
State Employee Retirement	\$42.1	\$44.0	\$86.1
State Employee Other Programs	0.6	0.6	1.2
Teacher Retirement	141.0	140.6	281.6
Teachers Other Programs	<u>19.9</u>	<u>19.9</u>	<u>39.8</u>
Total All Programs	\$203.6	\$205.1	\$408.7

Proposed VRS Rates

Program	2012 Rate	HB 30
State Employee Retirement	6.58%	8.76%
SPORS	21.16%	24.74%
VaLORS	13.09%	14.80%
Judicial Retirement System	42.58%	45.44%
Teachers Retirement *	6.33%	10.23%
State Employee Health Ins. Credit	0.99%	1.00%
Teacher Health Ins. Credit	0.60%	1.11%
VSDP	0.66%	0.47%
State Employee Life Insurance	1.02%	1.19%
Teachers Life Insurance	0.28%	0.48%

* The recommendations include a \$30.0 million GF lump sum payment each year for the teacher retirement plan in addition to the 10.23% retirement contribution

Note: Rates for FY 2012 for state employee programs are the rates paid by the agencies to Comptroller

Revenue Reserve – Salary Increase

- Recommendations include a revenue reserve of \$42.2 million GF in FY 2014 to provide a cushion in case of any downward revisions to the revenue forecast after the 2012 Session
 - If FY 2013 revenue collections for personal and corporate income and sales tax collections are more than 1% below the forecast adopted in the 2013 Session this reserve would be available to offset these revenue changes
- If reserve is not required to meet any revenue reduction, the reserve is available as follows:
 - \$33.2 million GF for a 2% salary adjustment for state employees effective July 10, 2013 (August 1 paycheck)
 - Does not apply to universities which will fund cost of any salary increase from their existing appropriation
 - \$9.0 million GF for a 2% salary adjustment for constitutional officers and their employees

State Employee Health Insurance

- Subcommittee recommends \$43.6 million GF in FY 2013 and \$55.6 million GF in FY 2014 for increased premiums for the state employee health insurance program
- Proposal would increase premiums for state employees in COVA care by an average of around 11%
 - Continues the adjustment which uses HIF balances to subsidize the employee and employer rates at a significantly lower rate (subsidy would be around 4.5% of total rate compared to 14.5% in FY 2012)
 - Increases the rate for COBRA and early retirees by less than 1% (they have never benefited from the premium subsidy)
- Includes \$0.5 million GF each year for premium increases for the University of Virginia Health insurance program

Other Benefit Issues

5% Employee Contribution Language

- Subcommittee recommends language giving local school boards and localities who are paying the 5% employee contribution on behalf of their Plan 1 employees the option of requiring these employees to pay a portion of or all of the 5% employee contribution
 - Language is optional and salary offset is also optional

Line of Duty

- Recommendations include \$1.7 million GF each year for estimated increased cost for the Line of Duty premiums for state employees
 - Budget assumes an annual cost per eligible employee of \$474 for FY 2013
- Includes amendments stating that localities that opt-out of the state run program do not have to continue to use the State Comptroller to process the payments on their behalf

Report of the Transportation Subcommittee

HB 29: Transportation

- Reflects appropriation of two-thirds of FY 2011 surplus to transportation as required by § 2.2-1514 of the *Code of Virginia*
 - Totals \$67.2 million GF
 - \$9.9 million of that amount would be dedicated to mass transit
 - The remainder, \$57.3 million, would be deposited into the Virginia Transportation Infrastructure Bank (VTIB)
- Adjusts the VDOT NGF appropriation by \$1.0 billion to reflect the Six Year Program and budget adopted by the Commonwealth Transportation Board in June, 2011
 - The increased amounts reflect the programming of proceeds from the sale of Commonwealth of Virginia Transportation Capital Project Revenue Bonds, the assumed issuance of the 2012 Series of GARVEE bonds, and updates to forecasts of federal apportionments

HB 30: VDOT

- Provides \$46.5 million in FY 2013 and \$48.1 million in FY 2014 to reflect the deposit of an additional 0.05% of the general sales and use tax to the Highway Maintenance and Operating Fund pursuant to HB 1248
 - Legislation increases the share of sales tax going to transportation from 0.5% to 0.75% over an 8-year period
 - Amount based on the unencumbered GF share of the sales tax which is not applied to food
- Includes net adjustments of \$386.7 million in FY 2013 and \$319.2 million in FY 2014 reflecting the December revisions to the Commonwealth Transportation Fund forecast as well as adjustments included in the FY 2012-2017 Six Year Program update adopted last June
 - Revised CTF forecast for upcoming biennium assumes growth of 5.0% in FY 2013 and 3.4% in FY 2014 (inclusive of the additional sales tax)
 - Major adjustments in the Six Year Program reflected the issuance of CPR bonds in the upcoming biennium, reduced FRAN debt service and revisions to assumed federal revenues
- Includes new funding for the HMOF from 2 sources: \$2.3 million each year from the deposit of Waste Tire Trust Fund revenues into the HMOF and \$4.8 million in FY 2013 and \$4.6 million pursuant to the revised overweight permit fee structure adopted pursuant to HB 806

HB 30: Other Transportation Agencies

- Virginia Commercial Space Flight Authority:
 - Provides a one-time appropriation of \$4.0 million GF in the first year within the Secretary of Transportation's budget for final improvements to complete the new launch pad at the Mid-Atlantic Regional Spaceport at NASA's Wallops Flight Facility
 - Also includes language authorizing the use of up to \$15.0 million in Transportation Trust Fund revenues for the operational and capital needs of the facility, reflecting adoption by the House of HB 813, which addresses the longer-term operating and organizational needs of the Virginia Commercial Space Flight Authority
- Virginia Port Authority:
 - Included in the Capital Section of HB 30 is authority to utilize \$105.5 million in terminal revenue bonds to construct an addition to the leased APM terminal and address expansion needs at NIT

HB 30: Transportation Language Amendments

- Language mirroring House Bill 33, which prohibits mandatory project labor agreements for transportation projects, but allows for voluntary agreements
- Language directing the Secretary of Transportation to establish a workgroup to evaluate the composition of the Northern Virginia MPO and report to the money committees in October
- Language directing the Secretary to establish a workgroup including representatives of VML and VACO to consider potential options for devolution of secondary roads and report to the money committees in October
- Language prohibiting the dilution of transit operating funding caused by providing non-formula support for new starts/routes for more than 2 years
- Language requiring the Commission on Transportation Accountability to report on its review of the efficiency of VDOT's SWaM program

- Provides \$75,000 each year for the investigation of specialty crops
- Includes an additional \$40,000 each year to match federal coyote control funding
- Authorizes the sale of 6 DOF-owned buildings with proceeds of the sale of 3 being retained by the Department to purchase mobile technology equipment to support the employees now working in field
- Provides \$250,000 each year to purchase additional equipment through the MELP program
- Increases general fund support for the reforestation of timberlands program and provides GF support for the full costs of the agency's accounts receivable system

Natural Resources

Water Quality Improvement Fund

- Deposits \$42.8 million to the WQIF in FY 2013, allocated as follows:
 - \$38.5 million for DEQ wastewater treatment plant upgrades
 - \$4.3 million for the Natural Resources Commitment Fund
 - ✓ Provides for implementation of agricultural best management practices and technical assistance by soil and water conservation districts
 - Transfers \$7.5 million to the WQIF Reserve, created by the General Assembly in 2004
 - ✓ Adding this transfer, the reserve fund balance would total \$13.0 million
 - ✓ The reserve fund provides support for water quality initiatives when no year-end surplus or other funding is available
- Restores \$1.0 million each year in soil and water conservation district funding for staffing and office expenses
 - HB 30 cut soil and water conservation district funding by \$2.0 million
 - \$1.0 million provides \$21,000 in operating support per year for each of Virginia's 47 soil and water districts
 - Language restores the provision of legal services by the Attorney General to soil and water conservation districts "at no charge"

Other Natural Resources Actions

- Eliminates \$450,000 in proposed fee increases at state parks
- Provides additional funding to rehabilitate two dams to meet state safety standards
- \$80,000 in FY 2013 is provided for the Chesapeake Bay Foundation's educational field studies
- \$25,000 each year is provided for the Virginia Indian Commemorative Commission
 - \$70,836 is captured from the elimination of the Council on Indians pursuant to the Governor's government restructuring legislation

Report of the Public Safety Subcommittee

- Includes \$4.7 million GF in FY 2013 and \$5.4 million GF in FY 2014 to provide operating support for newly constructed or expanded jails
 - Includes Meherrin River and Blue Ridge regional jails and Patrick and Loudoun County local jails
- Includes the staffing to reduce the ratio of veterans claims agents from one per 26,212 veterans living in Virginia to one per 23,000 veterans living in Virginia
- Provides \$150,000 GF each year for the licensing fees associated with an automated veterans claims processing system
 - The new system should improve the speed with which claims are processed and help veterans secure the benefits to which they are entitled
- Provides 5 positions each year to permit the Department of Forensic Science to re-establish photo support services
- Includes \$200,000 GF each year for firearms background checks

Report of the General Government Subcommittee

Rainy Day Fund Deposit

Rainy Day Fund

- Subcommittee recommendations include \$132.7 million in FY 2013 and \$166.4 million in FY 2014 for deposits into the revenue stabilization fund
 - The FY 2013 deposit is funded completely from FY 2011 year-end surplus
 - \$114.0 million of the estimated \$166.4 million FY 2014 deposit is available from the FY 2012 revenue reserve include in Chapter 890
- By the end of the biennium the amount of cash in the revenue stabilization fund will approximately double, from around \$300 million currently to \$600 million
 - Fund would be up to 50% of its value prior to the “great recession”
 - Was \$1.2 billion in FY 2007

HB 30: Judicial Branch Actions

- The subcommittee recommends filling 33 judgeships which are newly vacant or will become vacant sometime during calendar years 2012 and 2013
 - Recommendations would keep 16 judgeships vacant
 - Amendment adjusts introduced budget to reflect \$6.7 million in additional savings over the 3 years from the judicial vacancy savings
- Subcommittee report includes \$240,000 to fund the judicial caseload study pursuant to HB 745
- Includes \$1.0 million GF in FY 2013 and \$2.2 million GF in FY 2014 for additional staffing in General District and Juvenile and Domestic Relation courts
 - Funds 22 FTEs in FY 2013 and 46 FTEs in FY 2014
- Recommendations include a net savings of \$372,000 over the biennium from hiring 10 full time foreign language interpreters to replace contract expenditures for these services

Other General Government Actions

Balance Reversions

- Subcommittee recommends reverting an additional \$20.1 million in unspent agency balances from FY 2011 and FY 2012, increasing the total reversions from \$86.1 million to \$106.2 million
 - This amount includes \$2.8 million from legislative balances

Other Savings

- Includes savings of \$294,412 over the biennium from eliminating the school efficiency review program at the Department of Planning and Budget
- Captures savings of around \$1.0 million a year from the language included in the budget in 2010 to limit state support for the career development programs for employees of constitutional officers to those employees in the program as of January 1, 2010

Report of the Technology, Oversight, & Government Activities Subcommittee

Local Aid Reductions and FACT Fund

- Provides \$32.5 million in FY 2013 and \$37.5 million in FY 2014 to reduce the total amount of local aid reverted to the Commonwealth by localities
 - Reduces local aid reversions by \$70 million – from \$120 million to \$50 million for biennium
- Authorizes a total of \$50.0 million for the Federal Action Contingency Trust (FACT) Fund
 - Provides \$30.0 million in FY 2012 and authorizes the use of \$20.0 million from FY 2012 balances to further capitalize the Fund
 - \$7.5 million of the FY 2012 amounts are set-aside to continue providing support for BRAC-Oceana in FY 2013
- Provides three criteria for use of fund:
 - 1) to address localities affected by the 2005 BRAC or subsequent BRAC recommendations;
 - 2) to continue statutorily-required federally mandated services at the present level if federal reductions are imposed; and
 - 3) to address economic development opportunities to transition industries negatively affected by BRAC or federal reductions
- Establishes FACT Fund Approval Commission to evaluate proposed uses of the FACT Fund and recommend approval or denial to the Governor
 - Governor must also notify the Chairmen of House Appropriations and Senate Finance Committees in writing about any distribution of money from the FACT Fund

Technology and General Provisions

- Includes several actions addressing costs incurred by state agencies:
 - Provides \$5.0 million in FY 2013 and \$1.8 million in FY 2014 to install new telephone systems for six state agencies
 - Provides state agencies \$1.7 million GF each year to cover operating and maintenance costs for the Performance Budgeting system
 - Provides \$1.4 million per year to VITA to eliminate information technology savings that were double-counted during budget development
- Language permits university consortia to apply for grants from the Commonwealth Research and Commercialization Fund

Savings Items

- Reduces unallocated information technology funding by \$2.0 million GF each year
 - The General Assembly provided \$26.6 million GF in FY 2011 and \$28.7 million GF in FY 2012 to address state agencies' increased costs for information technology services
- Captures \$1.0 million GF in FY 2013 and \$1.3 million GF in FY 2014 by eliminating funding for marketing and diversification of Virginia's modeling and simulation and cyber-security initiatives
 - These are two of the investment areas outlined in the Commonwealth Research and Commercialization Fund, to which the General Assembly provided \$10 million GF last Session
- Reduces the Miscellaneous Contingency Reserve Account by 50 percent, or \$750,000 GF each year
 - In addressing contingencies, the Governor is permitted to use up to \$2.0 million from the unappropriated GF balance and up to \$1.0 million per year from the Governor's Opportunity Fund
