Item 362 #2h

<b>Natural Resources</b>	<b>FY18-19</b>	<b>FY19-20</b>	
Department of Conservation and Recreation	\$0	\$100,000	GF

**Language:**

Page 396, line 45, strike "\$127,331,015" and insert "\$127,431,015".

Page 399, line 45, strike "\$732,147" and insert "\$832,147".

Page 399, at the end of line 50, insert:

"In addition, out of these amounts, \$100,000 in the second year from the general fund shall be used to hire an independent engineering firm to conduct a study to find a less costly solution to rehabilitate the Cherrystone and Roaring Fork Dams. The department shall assist the three project sponsors, the town of Chatham, Pittsylvania County and the Pittsylvania Soil and Water Conservation District in this effort."

**Explanation:**

(This amendment provides \$100,000 the second year to help find alternate solutions for the rehabilitation of the Cherrystone and Roaring Fork dams. The USDA Natural Resources Conservation Service presented a plan to the sponsors for the purpose of rehabilitating the two dams costing \$20.0 million. The sponsors would like to find a less costly solution.)

**FY18-19**

**FY19-20**

Department of Conservation and  
Recreation

\$623,000

\$623,000 GF

**Language:**

Page 401, line 16, strike "\$63,895,919" and insert "\$64,518,919".

Page 401, line 16, strike "\$67,793,291" and insert "\$68,416,291".

Page 403, after line 5, insert:

"K. Included in the amounts for this item is \$623,000 the first year and \$623,000 the second year from the general fund to sponsor 25 Youth Corps programs in state parks each summer."

**Explanation:**

(This amendment provides \$623,000 from the general fund each year to establish stable funding to sponsor 25 Youth Corps programs in state parks each summer. This would allow the program to serve all 38 parks. Each program consists of teams of ten youth ages 14-17 and three leaders.

*Request to Amend House Bill 1700, as Introduced*

The Youth Conservation Corps is a unique 3 week residential work program that focuses on environmental stewardship, youth achievement, community service and outdoor recreation. Youth are given a fully immersive environment where they can truly begin to learn about themselves and the world around them. Youth Conservation Corps Day program, a companion program, targets at-risk teens. DCR partners with a non-profit or government entity to select appropriate members and find leaders trained to work with youth in both programs. The crews perform valuable park projects that usually consist of a resource management project, trail work and a long standing project that they can bring friends to years after their participation in the program. This year DCR received 700 applications for 180 slots.)

Page 403, after line 5, insert:

"K. Included in the amounts for this item is \$720,000 the first year and \$720,000 the second year from the general fund for the Department of Conservation and Recreation to undertake a vehicle replacement and equipment purchase plan through the Department of Treasury's Master Equipment Lease Program."

**Explanation:**

(This amendment provides \$720,000 from the general fund each year to purchase needed equipment and to replace agency owned vehicles that exceed the replacement criteria of 10 years of age and/or 110,000 miles. There currently are 95 agency owned vehicles that exceed the replacement criteria, at an average replacement cost of \$30,000 per vehicle. The cost of replacing all of these vehicles totals \$2.85 million. The department has effectively lost 15 vehicles from its fleet over the past 5 fiscal years due to the financial inability to replace them. Other unmet equipment needs exist for rental equipment for concessions, mowers, tractors, backhoe attachments, UTVs, etc. Parks plans to utilize the Master Equipment Lease Program (MELP) to finance a total of \$2.85 million for vehicles and \$750,000 for equipment, which would require an annual MELP payment of \$720,000 for five years.)

---

Chief Patron: Carter

Item 90 #2h

*Request to Amend House Bill 1700, as Introduced*

<b>Agriculture and Forestry</b>	<b>FY18-19</b>	<b>FY19-20</b>	
Department of Agriculture and Consumer Services	\$50,000	\$50,000	GF

**Language:**

Page 93, line 29, strike the second "\$125,000" and insert "\$250,000".

**Explanation:**

(This amendment increases funding for the Beehive Distribution Program (Program) at VDACS from \$125,000 to \$250,000 in the second year.

Effective July 30, 2018, the Virginia Department of Agriculture and Consumer Services (VDACS) has suspended the Beehive Distribution Program for fiscal year 2018-19 due to the extraordinary number of applications received by VDACS. The Beehive Distribution Program experienced overwhelming interest from Virginia's citizens as more than 2,600 applications have been submitted since the opening of the application period on July 1, 2018. VDACS anticipates that the current applications will utilize all funding allocated for the program.

Effective July 1, 2018, the Beehive Distribution Program replaced the Beehive Grant Program (see Chapter 192 of Acts of Assembly). The Beehive Distribution Program provides beehive equipment directly to eligible beekeepers. Residents of the Commonwealth of Virginia who are 18 years of age or older at the time an application is submitted are eligible to receive up to three beehive units per year. Individuals who submit an application for a beehive unit through the Program will be registered as a beekeeper with the Virginia Department of Agriculture and Consumer Services.)

"K. Included in the amounts for this item is \$2,780,000 the first year and \$2,780,000 the second year from the general fund to supplement other available funding for the routine maintenance of buildings, grounds and equipment in the State Parks as well as for day to day operations of the Parks."

**Explanation:**

(This amendment provides \$2.78 million each year to address critical operational funding needs for routine maintenance of buildings and grounds, equipment and support day to day operations of the state parks. Park visitation and facilities have both increased exponentially since last re-benchmarked in 2004. Continued inadequate resources are causing items to fall into disrepair and create operational inefficiencies. Without an increase in operational funding, critical repairs will become necessary at a greater expense due to the failure to fund routine and preventative maintenance. Without new funding, parks have to make difficult decisions on what aspects of park operations must be impacted, including facility closures.

*Request to Amend House Bill 1700, as Introduced*

This request for additional operating monies includes funds for maintenance project labor, tools and supplies; increases in utility, waste disposal, and pest control costs; trail maintenance costs, merchandise and other revenue generating equipment and supplies; law enforcement supplies and communications equipment and much more. In addition to the funding shortage already faced, State parks added 15 new cabins and lodges and 47 new yurts that will be online by the end of 2019.)

3. In developing the Request for Proposals, the Department of Human Resource Management and the Department of Accounts shall identify in detail, the specific information needs, work process needs and business rules which the selected SaaS must address. The request for proposals shall require that the selected SaaS: (i) possess the technology and integration capabilities needed to interface with legacy financial systems, including the Commonwealth Enterprise Resource Planning system (Cardinal), or new systems as such legacy systems are phased-out; (ii) meet all Commonwealth security standards for cloud-based services to ensure the security of sensitive personally identifiable information; and (iii) be fully implemented in all user agencies not later than 18 months after contract execution. The request for proposals shall include a requirement for subscription-based pricing to ensure that the Commonwealth is not encumbered by a long-term commitment to a specific provider, technology or service that would prevent a migration to newer technologies as they become available. The cost of such subscriptions shall be borne by the user agencies as an operating expense that is included as part of the biennial budget.

4. Prior to execution of a contract with a SaaS provider, the Department of Human Resource Management and the Department of Accounts shall recommend to the Governor a permanent system of governance for oversight of the HCM system and the associated SaaS contract."

**Explanation:**

(This amendment sets out a process for replacing the existing Commonwealth Integrated Payroll/Personnel System (CIPPS) and the Personnel Management Information System and the Benefits Eligibility System (PMIS & BES) using a best in market approach and an open competitive procurement. A companion amendment in Item 259 delays utilization of a working capital advance of up to \$82,400,000 to the Department of Accounts to replace these systems using a sole source software vendor and systems integrator.)

*Request to Amend House Bill 1700, as Introduced*

second year and 63 full-time State Park positions to supplement existing personnel at Virginia State Parks."

**Explanation:**

(This amendment provides approximately \$3.5 million in each year to support costs associated with hiring an additional 63 full-time state park positions needed to manage essential operations within existing and operational state parks to maintain a minimum level and provision of services, programs and facilities. The amendment seeks to address severe staffing short falls within the existing system of Virginia State Parks. Over the past decade, attendance at state parks has increased exponentially. In 2017, Virginia State Parks witnessed a record 10.4 million visits, an 18% increase just since 2015. Overnight reservations also have increased for both cabins (4.6% increase) and camping (7% increase). Without an investment in new positions to keep up with the increases in demand, park visitors will not have access to the facilities and amenities that they currently enjoy in the future. The request includes 20 housekeepers, 19 chief rangers for visitor experience, 3 office managers, 2 assistant park managers, 5 maintenance foremen, 6 park rangers for maintenance, 2 business managers and 6 park rangers for law enforcement.)

**Explanation:**

(This amendment provides \$462,986 and two positions the first year and \$260,886 and two positions the second year to fund the oversight and operations of a new state park property in Loudoun County. An additional 280 acres of land (the Leggett Foundation Property, including a small modern residence, a picnic shelter, an education center and the Demory-Wortman historic house) has been purchased by Loudoun County. The property is proposed to be donated to the Commonwealth in 2019. With this addition, DCR can immediately open the site and expand the opportunities for public recreation, environmental education and resource management. There is strong interest from the community, existing users of the site, local government and legislators in making the state park in Loudoun County more available to the public.

The request for year one and two includes wages for two full time employees -- an Assistant Park Manager -- Law Enforcement, and a Park Ranger -- Maintenance. Both years also include funding for routine operations of the park including utilities, wage staff, supplies and materials, resource management projects, environmental education programs and equipment, grounds and facility maintenance. Year 1 also includes one-time, start-up expenses for items such as mowers, tractors, vehicles, picnic tables and trash cans. The Assistant Park Manager will provide oversight, develop community relations, maintain and expand the volunteer program, conduct resource management projects, provide protection and enforcement of regulations and promote passive recreation. The Park Ranger will provide maintenance of the grounds, equipment and facilities.)

Item 84.20 #1h

**Administration**

Virginia Information Technologies Agency

Language

**Language:**

Page 84, line 36, after "pursuant to § 56-484.17", insert:

"C.1. Pursuant to § 3-2.03 of this act, a line of credit up to \$15,000,000 shall be provided to the 9-1-1 Services Board as a temporary cash flow advance. Funds received from the line of credit shall be used only to support implementation of next generation 9-1-1 service and shall be distributed in a manner consistent with § 56-484.17 (D). The request for the line of credit shall be prepared in the formats as approved by the Secretary of Finance and Secretary of Commerce and Trade.

2. The Secretary of Finance and Secretary of Commerce and Trade shall approve the draw downs from this line of credit prior to the expenditure of funds.

D. During next generation 9-1-1 service planning and deployment, the 9-1-1 Services Board may reimburse a provider for its wireless E-911 CMRS costs, in lieu of reimbursing the provider's costs to deliver 9-1-1 calls to the ESInet points of interconnection pursuant to § 56-48417(D). The 9-1-1 Services Board may establish the process, criteria, and duration for such reimbursement of CMRS costs but shall continue to ensure that necessary 9-1-1 service and ESInet objectives are achieved."

**Explanation:**

(This amendment provides the 9-1-1 Services Board a line of credit to accelerate implementation of next generation 9-1-1 service across the Commonwealth. With the amendment, the 9-1-1 Services Board will have sufficient cash flow to fund implementation of next generation 9-1-1 service by the end of fiscal year 2021. In addition, this amendment allows the 9-1-1 Services Board to continue to pay wireless carriers for E9-1-1 until the Commonwealth transitions to next generation 9-1-1 service. When House Bill 1388 and Senate Bill 513 codified next generation 9-1-1 service last year, the 9-1-1 Services Board anticipated that the old funding process would be eliminated sooner. This language allows the Board to deal with this delay and potential future delays.)

Page 401, line 35, strike "year and \$10,000,000".

Page 401, line 35, unstrike "\$4,500,000".

**Explanation:**

*Request to Amend House Bill 1700, as Introduced*

(This amendment removes the additional \$5.5 million each year proposed in House Bill 1700 as introduced for the Virginia Land Conservation Foundation. Chapter 2, as adopted by the General Assembly in the 2018 Special Session 1 provided no general fund support for the VLCF in fiscal year 2019 in reflection of the fact that the Foundation is receiving \$71.7 million for land purchases from a series of environmental and historic resources settlements. These amounts were deemed sufficient for land and easement purchases in the short term. Second year funding was maintained at the 2018 level of \$4.5 million.)

Item 366 #2h

**Natural Resources**

Department of Environmental Quality

Language

**Language:**

Page 405, after line 22, insert:

"J. Notwithstanding the deadline established in the second enactment of Chapter 510, 2018 Acts of Assembly, the Department of Environmental Quality shall complete its report on how other states that have adopted the U.S. Environmental Protection Agency 2013 Aquatic Life Ambient Water Quality Criteria for Ammonia have implemented such Criteria in ways that both minimize the impact of the Criteria on Virginia sewerage systems or other treatment works and are permissible under the federal Clean Water Act, including consideration of alternative effluent limitations based on a demonstration by the permittee of the lack of appreciable harm from the discharge of ammonia to aquatic life. Such report shall be submitted no later than November 1, 2019 to the Chairmen of the House and Senate Committees on Agriculture, Conservation and Natural Resources, the House Appropriations Committee and the Senate Finance Committees."

**Explanation:**

(This amendment extends the deadline for a report from DEQ required by Chapter 510, 2018 Acts of Assembly 2. That enactment directed DEQ to report to the General Assembly on procedures and practices for ammonia criteria implementation to minimize their impact on Virginia sewerage systems. While DEQ is reasonably implementing other aspects of the legislation, the report required by the second enactment clause was substantially incomplete and fell short of meeting the original requirements, perhaps because DEQ simply needed more time. The report was supposed to address relief allowable under the Clean Water Act to minimize unnecessary impacts on permittees. The most important such procedures and practices relate to how DEQ sets permit limits; however, on this subject DEQ only states that "DEQ has formed an implementation workgroup that is currently evaluating these and other factors." Clearly the work is incomplete, ongoing and therefore not addressed in the report. To allow DEQ the time it needs to finish this important work and comply with the original directive of that legislation, a one-year extension is requested.)
